6. Grant Evaluation and Selection

All nonprofits that meet the eligibility requirements stated in Section 4 are eligible to apply for a community grant.

Applications will be scored on a 100-point rubric.

The Council will establish their priorities for the use of grant program funds by setting the evaluation criteria for each community element.

For FY20-21 staff will recommend preliminary evaluation criteria for Council review no later than the first Council meeting in February. Draft program documents reflecting Council direction will be made available to the public for a 30-day comment period. The Council will finalize the grant evaluation criteria for each community element at a Council meeting in April.

Upon Council establishment of grant evaluation criteria, staff will issue program documents, establishing key dates and requirements, as well as the grant applications within a week after adoption.

Funding awards shall be made annually at a Council meeting following the adoption of the budget. After the FY 20-21 grant program, the Council may amend the evaluation criteria at any time via the established procedure in this section.

7. Grant Evaluation and Recommendations

All compliant grant applications, excluding Arts and Culture, will be evaluated by anonymous, unaffiliated field readers and rated using the Council-adopted criteria. Field readers will be selected based on their expertise in grant review, knowledge of grant subject matter and be unaffiliated with the applicants. Field reader scores for the economic development, social services, and community pride/sense of place categories will be compiled by staff and submitted to the Council for consideration.

Grant applications under the Arts and Culture community element will be reviewed by anonymous, independent, unaffiliated field readers, and the scores provided to the Cultural Arts Commission for recommendation to the City Council.

The Council may, at its discretion, budget specific amounts within the grant line item for specific community elements or other council priorities, during the budget process. The Council will consider the scores and adopt final funding allocations for each application and all grant categories at a meeting following the Budget Adoption Council meeting in June. Any funds remaining after

Council consideration will be available for discretionary allocation among the categories and applicants.

Applications for multi-year agreements will not be accepted, however applicants can apply each year to receive new funding for programs awarded through past cycles.
