

Tell Your Coronado Story

You are invited to answer the following questions in order to aid in the development of a Citywide Historic Context Statement for the City of Coronado. Please take a few minutes to tell us about the places, people, and events that have shaped Coronado's history and built environment. It might also get you thinking about some pins to place on the map that is linked on our website at www.coronado.ca.us/contextsurvey or jog your memory about some additional information or documents you want to provide via email to the City's Historic Preservation Planner, Tricia Olsen, at tolsen@coronado.ca.us

Thank you for taking the time to participate!

What events, or people, in Coronado's history helped shape the built environment?

What places in Coronado help tell the story of the City's history? Why?

What architectural styles do you associate with Coronado's history and built environment?
