Author Event

J.E. Laufer

J.E. Laufer will discuss her latest book, **Choices**, a historical novel, detailing the harrowing ordeal her family endured as refugees after the Hungarian Revolution. Only two-years old at the time, Laufer used family memories and the account of a remarkable 16-year-old Christian girl who aided her family's escape. History comes to life with characters that leap off the pages and events that can sometimes parallel all-too-closely the modern resurgence of a refugee crisis, antisemitism, and political unrest.

Choices will be available for purchase and signing.
